Civil Air Regulations Amendment 20-10
Effective: October 15, 1959
Issued: September 4, 1959

PART 20—PILOT AND INSTRUCTOR CERTIFICATES

Notation of Physical Deficiences and Issuance of Waivers

Part 29 of the Civil Air Regulations (14 CFR Part 29) is being amended to, among other things, revise § 29.5 relating to issuance of medical certificates to applicants with certain medical deficiencies. As revised, the section does not provide for limited medical certificates or waivers. This makes unnecessary the provision of § 20.10(c) referring to the notation of physical deficiencies on medical certificates and of § 20.10-2, relating to issuance of waivers as provided by § 29.5.

Public notice of the substantive changes proposed in Part 29 was given in Draft Release 59-1 (24 F.R. 2257). Since this amendment to Part 20 is only procedural, clarifying and minor in nature and imposes no additional burden on any person notice and public procedure hereon are unnecessary.

In consideration of the foregoing, Part 20 of the Civil Air Regulations (14 CFR Part 20) is hereby amended as follows:

1. By amending paragraph (c) of § 20.10 by deleting the phrase "entered on his medical certificate."

(Secs. 313(a), 601, 602, 72 Stat. 752, 775, 776; 49 U.S.C. 1354(a), 1421, 1422)

This amendment shall become effective on October 15, 1959.

Issued in Washington, D.C., on September 4, 1959.

JAMES T. PYLE,
Acting Administrator.
