TITLE 14-AERONAUTICS AND SPACE

CHAPTER I-FEDERAL AVIATION AGENCY

SUBCHAPTER E-AIRSPACE (NEW)

(Airspace Docket No. 62-CE-58)

PART 71 (NEW)-DESIGNATION OF FEDERAL AIRWAYS, CONTROLLED AIRSPACE AND REPORTING POINTS

Alteration of Control Zone

The purpose of this amendment to Part 71 (New) of the Federal Aviation Regulations is to alter the description of the Garden City, Kans., control zone. Part 71 (New) was published in the Federal Register on October 24, 1962, as a part of the Agency's recodification program. This new Part contains the regulatory material presently found in Parts 600 and 601 of the Regulations of the Administrator and becomes effective on December 12, 1962, (27 F. R. 10352, 220-2).

The Garden City control zone is designated, in part, with reference to the Garden City radio range and the Garden City VOR 171° radial. The Federal Aviation Agency is converting the radio range to a combined transcribed weather broadcast station and radio beacon on or about January 10, 1963. In addition, it has been determined that the control zone extension based on the Garden City VOR 171° radial is no longer required for air traffic control purposes. Therefore, action is taken herein to substitute the Garden City radio beacon for the Garden City radio range in the description of the Garden City control zone and revoke the extension based on the Garden City VOR 171° radial. Controlled airspace requirements for this area will be reviewed at a later date under the CAR Amendments 60-21/60-29 implementation program.

(Airspace Docket No. 62-CE-58)

Since this amendment imposes no additional burden on any person, notice and public procedure hereon are unnecessary and it may be made effective January 10, 1963.

In consideration of the foregoing, and pursuant to the authority delegated to me by the Administrator (25 F. R. 12582), the following action is taken:

§ 71.171 (27 F. R. 220-91), the Garden City, Kans., control zone is amended to read:

Garden City, Kans.

Within a 5-mile radius of the New Garden City Airport (Lat. 37° 56' 08" N, Long. 100° 43' 46" W); within 2 miles either side of the 144° bearing from the Garden City RBN, extending from the 5-mile radius zone to the RBN, and within 2 miles either side of the Garden City VORTAC 004° radial extending from the 5-mile radius zone to 12 miles N of the VORTAC.

This amendment shall become effective 0001 E. S. T. January 10, 1963.

(Sec. 307(a), 72 Stat. 749; 49 U. S. C. 1348).

s/ Clifford P. Burton
Chief, Airspace Utilization Division
