CIVIL AERONAUTICS BOARD
WASHINGTON, D. C.

October 16, 1945

SUPPLEMENT TO CIVIL AIR REGULATIONS DRAFT RELEASE NO. 58

SUBJECT: Extension of time for receipt of comments with respect to proposed new Part 42 - Nonscheduled air carrier certification and operation ~~rules~~.

Representation has been made to the Civil Aeronautics Board that additional time for the return of comment on Draft Release No. 58 should be granted in order to afford all those in the aviation industry who will be affected by the provisions of this Part a full opportunity to comment thereon.

The Board is informed that during the next three months many aeronautical organizations throughout the United States will hold meetings at which those in attendance will have an opportunity to discuss the subject draft release and that many valuable comments and suggestions may be received from the discussions at such meetings.

The Board has, therefore, extended the date for return of replies from October 1, 1945, to January 31, 1946.
