TITLE 14-AERONAUTICS AND SPACE

CHAPTER I-FEDERAL AVIATION AGENCY

SUBCHAPTER E-AIRSPACE (NEW)

(Airspace Docket No. 63-SW-72)

PART 71-DESIGNATION OF FEDERAL AIRWAYS, CONTROLLED AIRSPACE, AND REPORTING POINTS (NEW)

Alteration of Control Zone

The purpose of this amendment to § 71.171 of the Federal Aviation Regulations is to alter the time of designation of the Del Rio, Tex., control zone.

The Del Rio control zone is presently designated on a full-time basis. However, the Department of the Air Force has advised that effective August 1, 1963, weather and communications service is available only from 0600 to 1900 hours, local time, Monday through Friday and 1200 to 1800 hours, local time, Sunday, excluding Federal legal holidays. Therefore, action is taken herein to redesignate the Del Rio control zone with effective hours coincident with those during which weather and communications service is provided.

Since the change effected by this amendment is less restrictive in nature than present requirements, notice and public procedure hereon are unnecessary and it may be made effective upon the date of publication in the Federal Register.

In consideration of the foregoing, the following action is taken:

§ 71.171 (27 F. R. 220-91, November 10, 1962) is amended as follows:

In the Del Rio, Tex., control zone, "12 miles SE of the AFB." is deleted and "12 miles SE of the AFB. This control zone is effective from 0600 to 1900 hours, local time, Monday through Friday and from

(Airspace Docket No. 63-SW-72)

1200 to 1800 hours, local time, Sunday, excluding Federal legal holidays." is substituted therefor.

This amendment shall become effective upon the date of publication in the Federal Register.

(Sec. 307(a), 72 Stat. 749; 49 U. S. C. 1348).
