TITLE 14-AERONAUTICS AND SPACE

CHAPTER I-FEDERAL AVIATION AGENCY

SUBCHAPTER E-AIRSPACE (NEW)

(Airspace Docket No. 63-CE-61)

PART 71-DESIGNATION OF FEDERAL AIRWAYS, CONTROLLED AIRSPACE, AND REPORTING POINTS (NEW)

Alteration of Control Zone

The purpose of this amendment to § 71.171 of the Federal Aviation Regulations is to alter the time of designation of the Janesville, Wis., control zone.

The Janesville control zone is presently designated as being effective from 0500 to 2300 hours, local time, daily. However, because of a recent North Central Airlines schedule adjustment, the weather reporting service, which is provided by North Central Airlines personnel, can now be offered only from 0600 to 2300 hours, local time, daily. Therefore, action is taken herein to redesignate the Janesville control zone with effective hours coincident with those during which weather reporting service can be provided.

Since the change effected by this amendment reduces a burden on the public, notice and public procedure hereon are unnecessary.

In consideration of the foregoing the following action is taken:

§ 71.171 (27 F. R. 220-91, November 10, 1962) is amended as follows:

In the Janesville, Wis., control zone "0500 to 2300" is deleted and "0600 to 2300" is substituted therefor.
