TITLE 14-AERONAUTICS AND SPACE

CHAPTER I-FEDERAL AVIATION AGENCY

SUBCHAPTER E-AIRSPACE (NEW)

(Airspace Docket No. 63-EA-45)

PART 71-DESIGNATION OF FEDERAL AIRWAYS, CONTROLLED AIRSPACE, AND REPORTING POINTS (NEW)

PART 73-SPECIAL USE AIRSPACE (NEW)

Correction

On August 3, 1963, there was published in the Federal Register (28 F. R. 7936) Amendment No. 2(e) to Part 73 of the Federal Aviation Regulations. This amendment deleted reference to the Camp Springs, Md., (Andrews AFB), Restricted Area/Military Climb Corridor R-4003 from the description of intermediate Federal Airway V-1731. Through inadvertence this amendment was made applicable to § 71.123 instead of § 71.143. Therefore, action is taken herein to amend the proper section.

Since this correction is editorial in nature and imposes no additional burden on the public, compliance with the Notice, public procedure and effective date requirements of Section 4 of the Administrative Procedure Act is unnecessary.

In consideration of the foregoing, the following action is taken:

§ 71.143 (27 F. R. 220-38 November 10, 1962, 28 F. R. 3779) is amended as follows:

In V-1731 "The airspace within the Camp Springs, Md., Restricted Area/ Military Climb Corridor R-4003 shall be used only after obtaining prior approval from appropriate authority." is deleted.

(Airspace Docket No. 63-EA-45)

These amendments shall become effective upon the date of publication in the Federal Register.

(Sec. 307(a), 72 Stat. 749; 49 U. S. C. 1348).
