TITLE 14-AERONAUTICS AND SPACE

CHAPTER I-FEDERAL AVIATION AGENCY

SUBCHAPTER E-AIRSPACE (NEW)

(Airspace Docket No. 62-SW-69)

PART 71-DESIGNATION OF FEDERAL AIRWAYS, CONTROLLED AIRSPACE, AND REPORTING POINTS (NEW)

PART 73-SPECIAL USE AIRSPACE (NEW)

Alteration of Restricted Areas and Controlled Airspace

On August 28, 1963, a Notice of Proposed Rule Making was published in the Federal Register (28 F. R. 9441) stating that the Federal Aviation Agency proposed to expand the Fort Chaffee, Ark., Restricted Areas R-2401 and R-2402, alter the alignment of Federal airway 13W and add R-2402 to the continental control area.

It was also stated in the Notice that both R-2401 and R-2402 would continue to be designated as joint use restricted areas with the Federal Aviation Agency, St. Louis ARTC Center acting as controlling agency. R-2401 and R-2402 are presently located in control area transferred from the St. Louis ARTC Center to the Fort Worth ARTC Center by the Federal Aviation Agency in an adjustment of the national airspace and action has since been taken in Airspace Docket No. 63-WA-51, 28 F. R. 7342, to reflect Fort Worth ARTC Center as the controlling agency of these restricted areas.

Interested persons were afforded an opportunity to participate in the rulemaking through submission of comments. All comments received were favorable.

(Airspace Docket No. 62-SW-69)

The substance of the proposed amendments having been published, therefore, for the reasons stated in the Notice, the following actions are taken:
