Federal Aviation Administration

Memorandum

Date: SEP 12 2017

To: Al Spence, Directives Program Manager, ASP-110

From: Dorenda D. Baker, Executive Director, Aircraft Certification Service, AIR-1

Prepared by: Michael J. Kaszycki, Acting Director, Policy & Innovation Division, AIR-600

Subject: Cancellation of Order 1110.127C, Aging Transport Systems Rulemaking Advisory Committee, dated January 21, 2005

This memorandum cancels Order 1110.127C, Aging Transport Systems Rulemaking Advisory Committee, dated January 21, 2005.

Order 1110.127C was issued to renew and constitute the charter for the Aging Transport Systems Rulemaking Advisory Committee (ATSRAC) that was designated and established pursuant to the Administrator's authority under 49 USC 106(p)(5).

This Order is obsolete and unnecessary. The committee was effective for two years after the issuance of the Order and the charter of the committee ended in 2007. The committee was not rechartered in 2007, as it had completed all its tasks. The Order was inadvertently never cancelled at that time, so it is being cancelled now.

The issuance of this memorandum cancels Order 1110.127C.
