After such endorsement, the holder may exercise all the privileges incident to a student pilot certificate which has been endorsed to permit solo cross-country flight, and may operate aircraft of the type, weight, and engine classifications specified in the rating record attached to his expired certificate.

(b) The holder of such an expired pilot certificate, if application is made within the year following its expiration, may secure a new private pilot certificate with the type, weight, and engine ratings previously held by showing that, as of the date of application, he has met the requirements (as set forth in §§ 20.34 (c)) for periodic endorsement of a private pilot certificate with such ratings.

(c) The holder of an expired limited-commercial or commercial pilot certificate may secure a new certificate of the same grade, and with the ratings previously held
