UNITED STATES OF AMERICA
CIVIL AERONAUTICS BOARD
WASHINGTON, D. C.

Civil Air Regulations Amendment 24-2
Effective: June 27, 1947
Adopted: June 27, 1947

TEMPORARY MECHANIC CERTIFICATES

The Civil Air Regulations require an airman to have in his possession a certificate issued by the Administrator when performing the duties of an airman. After June 30, 1947, the Civil Aeronautics Administration will issue all regular certificates from the Washington office. Applicants who have completed the prescribed tests will be prevented from exercising the privileges of their certificates during the interval between successful completion of the tests and receipt of regular certificates unless a provision is made for the issuance of temporary certificates.

The purpose of this rule is to provide for the issuance of a valid interim certificate and to conform this rule with other airman certificate rules.

Effective June 27, 1947, Part 24 of the Civil Air Regulations is amended by adding a new § 24.33 to read as follows:

24.33 Temporary certificates. The Administrator or his authorized representative may issue a temporary mechanic certificate for a period of not to exceed 90 days, subject to the terms and conditions specified therein by the Administrator.

By the Civil Aeronautics Board:

/s/ M. C. Mulligan

M. C. Mulligan
