Civil Air Regulations Amendment 60-5
Effective: April 17, 1944
Adopted: April 17, 1944

RANGE APPROACH CHANNEL

Effective April 17, 1944, § 60.115 of the Civil Air Regulations is amended to read as follows:

60.115 Range approach channel. A standard range approach channel as designated by the Administrator is the air space above the ground or water below 17,000 feet above sea level located within 2 miles of the center line of the on-course signal of any leg of a radio range station and extending along such leg between points 2 and 15 miles from the radio range station exclusive of control zones: Provided, That such range approach channels may be modified or extended by the Administrator when he deems it necessary in the interest of safety.
