FEDERAL AVIATION REGULATIONS DRAFT RELEASE NO. 62-48A

SUBJECT: Air Taxi Operators and Commercial Operators of Small Aircraft - Extension of Comment Period

---

The Flight Standards Service of the Federal Aviation Agency proposed in Draft Release 62-48, published in the Federal Register on November 8, 1962 (27 F.R. 10900), a new Part 125 of the Federal Aviation Regulations to prescribe rules applicable to air taxi and commercial operations with small aircraft. That Draft Release stated that consideration would be given to all comments received on or before January 25, 1963.

Representatives of the Helicopter Association of America have requested additional time to allow the helicopter operating industry to coordinate comments on the proposal. Therefore, the time within which comments on Federal Aviation Regulations Draft Release No. 62-48 will be received is extended to March 1, 1963.

Communications should be submitted in duplicate to the Docket Section of the Federal Aviation Agency, Room A-103, 1711 New York Avenue N.W., Washington 25, D. C. All comments submitted will be available, both during and after the comment period, in the Docket Section for examination by interested persons.

J. S. Moore

Acting Director,
Flight Standards Service
