TITLE 14 - AERONAUTICS AND SPACE

CHAPTER III - FEDERAL AVIATION AGENCY

SUBCHAPTER A - PROCEDURAL REGULATIONS

[Regulatory Docket. No. 1012; Amendment 2]

PART 406 - CERTIFICATION PROCEDURES

Deletion of Mechanic School Semiannual Reporting Requirement

Paragraph (h)(4) of § 406.16 of Part 406 of the Regulations of the Administrator presently requires the holders of mechanic school certificates to submit a Mechanic School Report, Form FAA-392, in January and July of every year. This report, which provides for listing the names of enrolled students and the status of enrollment in the various courses was required initially by the Federal Aviation Agency for tabulating a national listing of mechanic school activities for semiannual distribution to the Veterans Administration, certificated mechanic schools, and the general public. However, since the Agency has discontinued publication and distribution of the tabulated listing, these reports are no longer necessary. Accordingly, this amendment rescinds the requirement for the submission of these reports. Since a similar requirement is prescribed in Part 53 of the Civil Air Regulations, concurrent action is being taken to rescind the semiannual reporting provisions required by §§ 53.58 and 53.58-1 of that part.

Since this amendment relieves an administrative requirement and imposes no additional burden upon any person, notice and public procedure hereon are unnecessary, and it may be made effective on less than 30 days notice.
